Product:

How much caffeine does the Brew contain?

Each scoop of our Brew contains 100 mg per serving, which is equivalent to 1 cup of coffee.

How much sugar does your coffee have?

Our Brew is sugar-free.

Is your product gluten-free?

Yes, our smart coffee is gluten-free. It also does not contain dairy, eggs, fish, crustacean, shellfish, tree nuts, peanuts or soybean wheat.

How long does a tub of coffee last?

If you use one scoop a day, your tub should last 30 days or a month. One scoop equals one cup of Brew.

Note: If you have a tub with a black top, please fill up the scoop completely. If you have a tub with a white top, please notice the mark and fill it up to it.

What are the benefits of drinking one cup a day?

Our Brew has helped individuals lose weight, have more overall energy and better mental focus. But please keep in mind, results vary from person to person.

How long should I wait until I see results?

Everyone is different, so time and results vary. Certain people notice an immediate change after their first cup, while others notice a gradual increase of energy. Individuals also say their appetites lessen as their cravings stop. There are others who primarily experience improved mental clarity, focus and better sleep. Individuals generally start seeing results within 14 days of use. If this is not the case for you, please let us know, within 30 days of your purchase, if you would like a refund.

Our Brew can give you a combination of these results as well but it depends on your body, lifestyle and diet.

Is this product approved by the FDA?

The FDA does not approve nutritional supplements, like our Brew. Our product's ingredients are specifically chosen for quality and purity, from reputable suppliers, that meet our standard of excellence. All of our ingredients are approved for manufacturing by the governing body in the U.S.

Where is the product manufactured?

Our Brew is manufactured in Florida, USA. Our tubs are shipped from Fort Worth,

TX, USA. Our Samples are shipped from Utah, USA.

What is the serving size of a Stick?

A Stick is one serving of our product. It equates to one scoop, 2.25 grams.

My tub was missing the scoop. What is the measurement?

A scoop is equivalent to 2.25 grams, which is slightly less than 1 teaspoon.

Does your coffee come in K-cup form?

No, not at the moment.

Consuming It: ---

Can I only drink one cup a day?

We recommend one daily cup of revital U Brew. Taking more will not improve results. You can drink a maximum of two cups daily.

Can I drink more than one scoop/stick at a time?

Yes, you can, but please be aware that you will be consuming twice the amount of caffeine. You will also run out of the product in half the time. It is meant to last 30 days or a month.

Can I mix it in with my regular cup of coffee?

Yes, you can, but please be aware that it may be an excess amount of caffeine.

Should I avoid drinking regular coffee while taking this?

No, you can enjoy our Brew and continue drinking regular coffee on the side.

I don't drink coffee. Should I take the usual dose?

If you're not a regular coffee drinker, we recommend starting off with only half a scoop. Over time, you can increase to one scoop, without feeling overstimulated by the caffeine.

For those that hate coffee, what's the best way to take it?

We're happy you asked! There are many different ways you can take our product and it isn't only by drinking our Brew. You can mix it in orange juice, chocolate milk, protein shake, oatmeal, yogurt, etc.

What is a basic way to take your Brew?

You can simply mix one scoop, into 4 to 8 ounces of hot or cold water.

When is the best time of the day to have your product? How late?

We recommend taking it with or after your breakfast. Also, remember to drink plenty of water throughout the day to stay hydrated.

Should I take it while following a diet? If so, which one do you recommend?

There is no specific diet we recommend, while taking our product. Our Brew can help kick start your health journey. But when accompanied with better food choices and physical exercise, you'll feel like the best version of yourself in no time.

Is it okay to have a cup on an empty stomach?

We recommend combining it with food, rather than taking it on an empty stomach.

Should I drink it before or after a workout?

This is an individual choice. We recommend people follow their usual regimen they use with other foods and beverages that provide an energy lift, like our Brew.

Can my 12-year-old son take your Brew?

revital U Brew is not intended for people under the age of 18.

Can I still drink this if I don't want to lose weight and just want better focus?

Of course, you can. revital U knows that people don't only want to look better, but also want help to improve their mental focus and clarity.

I'd love to buy a mug. Where can I do that?

We aren't offering individual mugs for sale right now.

Is your product safe to use long-term?

We are not aware of any negative affects, associated with the use of our product. We recommend that you consult with your physician, if you have concerns about taking this product.

Health Concerns: _____

Can I drink the Brew while also taking medication?

We recommend customers take our ingredients list and consult with their physician. Like any other product, there are possible negative reactions when mixed with medication.

Can I drink it if I am pregnant or nursing?

No, we do not recommend this product for pregnant or nursing moms.

[I want to try your product, but suffer from \(X health illness\). Can I still drink it?](#)

Please consult with your physician if you're being treated or have a family history of any medical condition, before taking our product.

[Is it normal to experience X symptom\(s\) and/or pain, while using your product?](#)

Please stop immediate use of our Brew and consult your physician.
